

Notice to School Districts

This is to provide notice that on September 7, 2006 a stay order was issued for ADE Contract No. **ED06-0049, Early Child Assessment**. This stay was issued as the result of a protest of contract award received by ADE. ADE sustained the protest on September 7, 2006, and anticipates full resolution of this matter on or about September 25, 2006. School districts should not complete any purchases under the above contract until receiving notice that the matter is resolved. Those that have completed a purchase under this contract should hold any further actions until receiving notice the matter is resolved. During this period, schools may attend any previously scheduled information or training sessions conducted by ADE on the vendors previously awarded a contract for this purpose by ADE. ADE will provide further information on this once the stay is resolved. Please call Andrew Wilson at 602-364-2517 if you have any further questions.
